

WRECK ON THE C. & E.

EIGHT FREIGHT CARS SMASHED

The Sunday Mixed Derailed This Side of Innisfail—Passengers Suffer Some Discomforts

There was a somewhat serious wreck on the C. & E. railway on Sunday a short distance this side of Innisfail. The mixed that leaves Calgary on Sunday morning, with a couple of passenger cars attached to the end of a freight train, was coming north when, at the place mentioned, the rails spread and eight freight cars were piled up and literally smashed into fragments. Three of the cars were loaded with lumber, two with timber for the Fort bridge, one each with stone, lime and sugar. The wreck occurred about 1.30 p.m. and no apparent effort was made to move the sixty unfortunate passengers until seven o'clock in the evening when an engine, caboose and flat car were sent down to take them to Red Deer.

By this time hunger was being severely felt by many of the passengers and the discomfort of the ladies was somewhat serious. The conductor informed the passengers that supper was ordered for everybody at the Alberta Hotel at Red Deer. When the train reached that town all went to supper and when it was over they were each promptly taxed 50c. The passengers had to wait until the regular train on Monday to get to Edmonton. Neither the engine nor the passenger coaches left the track and no person was injured by the accident. A track was built around the wreck to let the Monday trains through.

PEACE RIVER CANDIDATE

The Calgary Herald says: "Party politics scarcely enter into my constituency at all," said Lucien Dubuc, son of Chief Justice Dubuc, and independent candidate for the Peace River district, who passed through this city on his way north after a trip down to Winnipeg. "None of the voters in the constituency have ever exercised the franchise before, and hence they are ignorant of the ballot. They are practically all half-breed trappers and traders, and while they are exceedingly intelligent men they are not acquainted with the political questions or problems that are disturbing the rest of Canada. They know nothing of Grit or Tory. "Many of them will probably be away when the election comes off," explained Mr. Dubuc, "and it is going to be exceedingly difficult to secure a large poll." Mr. Dubuc knows the Peace River district thoroughly, as he has been over it a number of times. He expects to take a trip through his constituency shortly, travelling, of course, by boat, and stopping at the various settlements along the Peace river. It will take him a month to make a tour of his enormous constituency.

"How large is the constituency?" Mr. Dubuc was asked.

Mr. Dubuc thought for a minute. "Fully 600 miles," he said. "As for the width, that doesn't make any difference, as there are no settlements off the river. In fact, not even the inhabitants know the country beyond the neighboring hills."

"The difficulties under which an election will be carried on in this far-away region are enormous," said Mr. Dubuc, "and such that no person who has not been through the country can properly appreciate."

Speaking of the possibilities of the Peace River country, Mr. Dubuc said that there was no doubt that the best of what could be grown as far north as Fort Vermilion. The country, also, seems to be growing milder every year. In his opinion, better and more fertile than that around Edmonton. "What it was like beyond the hills no one knows, as the country is unknown and practically unexplored."

He is accompanied by his brother Albert, who will enter into law partnership with the Peace River candidate in Edmonton.

CANADIAN SEALERS

IN A RUSSIAN PRISON

Canadians Captured on a Japanese Sealing Schooner Said to be in Confinement

Vancouver, B.C., Aug. 29.—Capt Anderson, of the Sado Maru Johnson, who was captured last year by the Russians, has arrived here today and he reports that two Canadians are imprisoned in a Russian dungeon at Medved, near St. Petersburg. These men, R. Finlay, Victoria, B.C., and C. Grant, Pletou, N.S., were taken by the cruiser Gromobol, of the Vladivostok squadron from the Japanese sealing schooner, which was subsequently scuttled.

CRICKET MATCH

A game of cricket will be played this afternoon beginning at 1.30, between a team of the R. N. W. M. M. and a local team. The citizens are cordially invited to be present at the game and the Police will serve tea to visitors from 4 to 6 p.m.

The local team will be composed of the following players: Messrs. H. B. Boyes, O. L. Boyes, H. Hirst, S. Judge, A. H. Jones, W. de V. LeMaistre, H. R. Mountfield, G. L. Rimington, W. Richardson, H. F. Sandeman, E. F. Slocock and E. Slocock.

INAUGURAL HINTS

The musical ride will be from 2.30 to 3 p.m. on Friday.

An are flag is required near the station where the private cars will be side tracked.

The Governor-General and party will live in their cars during their stay in the city.

The Mounted Police meet a city team in a cricket match this afternoon. Citizens should attend.

Don't forget the drill and game of push ball tomorrow evening at 6.30. It will be well worth seeing.

The horse races will begin immediately after the speeches, as quickly as the platform can be removed.

If you want a seat on the grand stand for the inaugural ceremony, be there early. The gates to the stand close at 10.35 a.m.

The Mounted Police will begin to pack up on Friday at 3 p.m. It is to be hoped they will not be as long on the road returning or they may miss the Regina celebration.

The committee appointed to go down the line to meet the city's guests on Thursday afternoon is Messrs. J. A. McDougall, J. H. Garjeff, A. T. Cushing, R. Secord, A. C. Fraser, Chas. May, T. A. Stephen and Dr. Wilson.

LIBERALS UNANIMOUS

IN CHOOSING A CANDIDATE

W. H. Cushing Chosen by the Calgary Convention Last Night—No Dissenting Vote

Calgary, Aug. 28.—The Liberals of Calgary in a large and representative meeting tonight, nominated Mr. W. H. Cushing as the Liberal candidate for Calgary, in the coming provincial election. The meeting was unanimous, no other candidate's name being mentioned.

FOLLOWED THE GIRL

Winnipeg, Man., Aug. 29.—J. H. Powell, of Cambridge, Mass., a Harvard student, has successfully followed to St. Boniface convent the girl with whom he fell in love at Montreal. The girl had eluded him in Montreal, but smiled at him behind the Western convent bars and the pair made a run-away match of it yesterday, leaving everything behind.

MORE GRADING OUTFITS

Two more grading outfits came into the city today and went out to work on the Morinville branch. These outfits belong to McDonald and Rasmussen respectively.

The grading from the end of the E. Y. & P. to the end of the new station yards will be completed in about two weeks and the rails will then be laid at once on this part of the road.

There are now four grading outfits working on the Morinville branch, and a number more will arrive and begin work before the end of the week.

MARRIED.

Nichols.—Johnston.—At Winnipeg on Wednesday, August 23, 1905, Dr. Albert Allen Nichols, of Edmonton, to Miss Annie May Johnston, of Winnipeg.

THE CORPORATION SQUEALS

The announcement that the plans of the G.T.P. have been approved for a distance of 275 miles westward from Portage la Prairie has drawn from the Alberta Conservative press a ready condemnation which was quite on the program of expected things and entirely in accord with the action of that party in selecting as their provincial leader the solicitor of the Canadian Pacific Railway. The line from Portage la Prairie to Edmonton traverses the enormous and practically unoccupied territory lying between the main lines of the C.P.R. and the C.N.R., and from time to time as suited its purpose and as seemed likely to yield almost immediate dividends branches have been begun by the older company with the apparent purpose of traversing this region. But the painful deliberation shown in underlining and prosecuting this work has made it plain that the C.P.R. regarded this immense area as a land reserved for itself until convenience, leisure or profit should make it wise to open up the country. The encroachment of another party on this reserve has quite naturally produced a formal protest from the landholder corporation and a not less ready and vociferous protest from its journalistic friends.

While it may not so appeal to the C.P.R. and its spokesmen a pretty considerable amount of railway construction will have to be yet done in the North West before the people of the country will seriously object to the construction of new lines from the fear of over supply.

TALBOT BANQUETTED

Penoka Herald: P. Talbot, M. P., paid a visit to the town on Friday, and spent a busy day. He met a number of friends and addressed a well attended meeting in the afternoon, and was entertained to a banquet by the Liberal Association in the evening.

At the afternoon meeting W. J. O'Brien, president of the association, occupied the chair, and in introducing Mr. Talbot stated that his speech would be heartily welcome at the present time when so much interest is being taken in politics in general, but more especially in the educational controversy. Mr. Talbot dealt almost entirely with the autonomy bill, and took up the different clauses in detail. The question of the provincial capital was dealt with in a straight manner, it being pointed out that the northern half of the Province had just claim from a population point of view. The land clauses were likewise reviewed, and the Government's reason given for retaining the same and giving instead a grant in money.

It was on the educational clauses that the greatest interest was taken, and the hon. gentleman was closely followed throughout. Mr. Talbot contrasted the educational system of the United States with what is to be granted here, and showed that the system which we are to have was the most acceptable of the two. Apparently his straightforward handling of the question was acceptable to all present, and a good deal of misunderstanding in regard to the question was cleared up.

The banquet in the evening which took place in the new dining room of the Royal hotel, passed off in good shape. About fifty gentlemen sat down to supper, purveyed in the Royal's up-to-date style. The supper over, a most printed toast list occupied the attention well on to two o'clock in the morning. After the loyal and patriotic toasts the president gave that of the House of Commons. Mr. Talbot responded very appropriately. The other items on the list were—The Town of Penoka, our American Cousins, Province of Alberta, and Canada and the Empire, all of which were given and responded to in marked good taste. W. A. Brodie sang several songs during the evening, the company dispersed well into the morning feeling that a very enjoyable and profitable time had been spent.

—Moosejaw Signal: A bomb was exploded—metaphorically speaking—at the meeting of the City Council last night. It came from an unexpected quarter, the police force, in the form of a letter from Constable J. A. Dean, which contained charges of official irregularity against Constable Sackrider. The first charge was that on August 13, on the payment of \$10, Sackrider, on his own authority, and without the formality of a trial, liberated a prisoner whom Dean had arrested the night before. Dean further charged that he had not received his lawful costs for arrests; nor was he permitted to conduct prosecutions in court, which placed him in such an anomalous position that he requested the council to define his duties. After some desultory discussion the communication of Constable Dean was referred to the License and Police Committee for a report. That committee will also inform the council what record is kept of the police work and of the fines collected.

ALBERTA MILLING CO.

MILL IN OPERATION BY NOV. 1st

One of the Finest Mills in the West—
Most Up-to-Date and Approved
Machinery to be Installed

The Alberta Milling Company's new mill is rapidly nearing completion and the company purposes having the machinery all installed and the mill ready for operation by November 1. When completed it will rank among Edmonton's most important industries. The mill proper is a four-story building 34 by 54 feet and sixty feet high.

The first floor will have four power packers for packing flour, bran and shorts, the rest of the space being used for storage purposes. The second floor will be occupied by the rolls seven stands in all, composed of three stands of 9 by 30 double corrugated rollers, one 9 by 30 stand of smooth rollers, and three 9 by 24 stands of smooth rollers.

The purifiers, separators and dust collectors will occupy the third floor and on the fourth will be found the sifters and differential reels. The sifters are of the newest and most approved pattern, as is all the rest of the machinery. The milling machinery is being purchased from Nordyke & Marmon Company, Indianapolis, Indiana, one of the largest mill machinery companies in America.

The boiler and engine room is 42 by 56 and is built of solid brick with an iron roof and will be absolutely fire proof. The brick smoke stack will be 55 feet high, and is now under construction, some twenty feet of it being already built.

The engine is a single cylinder Jerome (Whitlock) pattern and has a capacity of 200 horse power. The steam will be supplied by two 66 in. by 16 foot boilers, each of 125 horse power. The engine and boilers are built by Goldie & McCollough, of Galt, Ont. The drive belt will be a 24 inch double leather one, and will run over a fly wheel 46 feet in diameter with a 28 inch face and weighing 15,000 lbs. The engine itself will occupy a whole car in transit.

Just north of the mill a 40,000 bushel elevator has been erected. The building is 34 by 34 feet and 62 feet high. It is fitted up with the most approved cleaning and elevating machinery and has a capacity of 2500 bushels per hour.

The company purposes to begin almost at once to erect a storage elevator with a capacity of 75,000 bushels. The company is a city concern, Mr. T. R. Fraser, of the D. R. Fraser Lumber Co., being president and Mr. C. Nairn, secretary. The work of erecting the mill has been pushed forward with a business enterprise that speaks well for the future conduct of the mill's affairs. The machinery is being ordered and will be shipped at once. The company expects to have all the machinery shipped right to the mill over its own spur line which will be laid to the new station and the track joined to the E. Y. & P. railway before the middle of September. The mill's location is an excellent one, being so near to the C. N. R. tracks and, with the excellent promise of future wheat crop of Northern Alberta, has a promising future. It is an enterprise worthy of the city of Edmonton and deserves to be the success it certainly will be.

There is no reason why the city, with its great territory to the north and west to supply, should not become a very important milling centre and the Alberta Milling Company's mill will play an important part in making it such.

THE C.N. STATION

The handsome structure which the Canadian Northern Railway Co. are erecting for a station building at Edmonton will in every respect, be a fine structure. It is to be 264 feet long by 60 in width, including the canopied platform, and is to be built of red pressed brick, with trimmings of Calgary sandstone, and a base of three feet in depth of the same stone. It is to be three stories in height. The ground floor plan shows a large general waiting room, 30x30 feet; ladies waiting room, 20x30 feet; ticket office, baggage and express rooms, and dining and sleeping car supply rooms. On the first and second floors are the divisional officers' quarters, including superintendent's, dispatcher's, cashier's, agents, engine's and general staff offices; while the east end

of the building is laid out with all modern improvements as living apartments for the agent. All the interior woodwork in the waiting rooms and offices is to be handsomely finished in fumed (old English) oak, with dados of the same material, and polished hard wood floors. The lavatories are to be finished in marble, with tiled floors, and with all the latest improvements in sanitary engineering. The building was designed by Mr. R. B. Pratt, the company's architect, and reflects great credit on himself and the company.

IN A FEW WEEKS...

WARWICK ITEMS

Warwick, Aug. 23.—Good progress has been made in putting up hay and grain cutting is general this week. There were some slight frosts this week but not enough to injure grain or garden products.

The many friends in Warwick of the Rev. A. B. and Mrs. Argue regret to hear of the death of their little daughter Muriel.

Mr. and Mrs. Walker of Edmonton spent Sunday in Warwick.

Today the Vegreville base ball team visited Warwick and played against the Warwick club. The score at the end of seven innings stood 8 to 7 in favor of Warwick.

PAKAN NEWS

Pakan, Aug. 23.—School re-opened for the term with Miss E. V. Danard as teacher.

Miss K. Lawford, who was visiting Dr. C. H. Lawford returned to Edmonton by Walter's steamer.

Mrs. J. G. Gordon of the Government telegraph office at Pakan left last week on the steamer Alberta for a month's visit to friends in Regina.

Everybody is busy haying in this district.

Mr. D. Cunningham is erecting a fine new residence on his ranch ten miles from here.

Mr. H. Nelson and Mr. Geo. Stratus began cutting barley and wheat this week. Grain of all kinds is rapidly maturing and another week of the present weather will see the harvest in full swing.

Miss R. Edmonds of the Pakan Mission returned home from Edmonton much improved in health.

Dr. C. H. Lawford is erecting a handsome new residence on the Methodist mission land.

Rev. G. Magwood is on the sick list. We hope to see him out soon.

Miss B. Carey of Andrew and Miss J. Rowland and Mr. Borwick spent Sunday with Miss Lucie Watts of the Lobstick settlement.

Mrs. Jack Smith entertained a few friends one day last week.

Our little town of Pakan is growing quite rapidly at present. We have two stores, J. A. Mitchell & Son and Geo. Kennedy. A fine flour mill has been started and we are looking forward to busy times this fall.

Corp. Watt, R.N.W.M.P., paid our town a call last week.

G. Harpaz is building a new house.

PERSONAL

Mr. J. McQuaid returned from Calgary last evening.

Mrs. (Dr.) Roy and family returned from Gull Lake last night.

Mr. John Costello, inspector of weights and measures, is in the city.

Miss Florence Cameron who has been visiting her sister in Prince Albert returned to the city last evening.

Mr. and Mrs. C. W. Cross and family returned from Gull Lake last evening.

Mr. D. McNamara returned last night from a visit to the Lewis and Clark exhibition at Portland, Oregon.

Mrs. S. B. MacNamara arrived yesterday from Winnipeg, to visit relatives in Edmonton and Strathcona.

Mr. L. Dubuc returned last night from Winnipeg, accompanied by his brother, who will practice law in this city.

Mr. John Niblock, assistant superintendent of C. P. R., of Calgary, came in yesterday evening and returned by regular train this morning.

Rev. Father McQuaid, of St. Albert has been transferred to Strathcona, where he will be parish priest. Instead of Father Norman, who will teach in the St. Albert college.

CITY OF EDMONTON

Notice of proposed Municipal Improvements.

Public notice is hereby given that after the expiration of two weeks after the 25th day of August, 1905, (being the date of the last publication of this notice) the Municipal Council of the City of Edmonton intend to grade McKay avenue, between First street and Second street, as a local improvement to be paid for by way of special frontage assessment to the extent of the full cost thereof.

GEO. J. KINNAIRD,
Secretary-Treasurer.

Parties Looking for Homes or Farm Land as an Investment will do well to examine this list

Township 44

S. W. 1-4 27-44-23 surface rolling; some brush, soil black loam.

Township 46

N. E. 1-4 26-46-21, surface rolling; some brush, soil black loam.

Township 49

S. 1-2 25-49-1 West of 5th Meridian.
E. 1-2 35-49-1 West of 5th Meridian.
This land is in the Strawberry Creek country, west of Leduc; splendid soil.

All Section 8, and W. 1-2 9 in 49-18, 960 acres, choice open land; easy terms.

All 6-50-16, choice soil; slightly rolling; some timber close to crossing of Canadian Northern and Grand Trunk Pacific.

Township 50

N. 1-2 15-50-15 Vermillion River runs through this land with some small timber along its banks, otherwise it is clear; slightly rolling, soil black loam.

W. 1-2 and N. E. 1-4 of 4-50-18; some small brush on part of it, nice creek runs across one quarter; soil black loam.

2. 1-2 25-50-18, surface slightly rolling; some bunches of brush, good soil; half mile from school; church at corner; a splendid half section.

S. E. 1-4 23-50-15, some bunches of brush, good deep black soil, a splendid piece of land.

S. W. 1-4 13-50-1, West 5th Meridian. This land is in the Strawberry country, west of Leduc; splendid soil.

All Sec. 25-51-14 and W. 1-2 and S. E. 1-4 Sec. 30-51-13, 1120 acres of fine land two miles from the main line of the Canadian Northern.

All Sec. 17-51-15 in the Vegreville District; fine soil, nearly all open.

Township 51

Fractional S. 1-2 15-51-12 (277 1-3 acres) surface slightly rolling; C. N. R. cuts 2 acres off N. E. corner, soil black loam, nice deep lake in one corner of land.

S. W. 1-4 23-51-15 surface slightly rolling, some brush on part of it, soil black loam, a nice piece of land.

N. W. 1-4 21-51-12 slightly rolling, good black loam soil.

N. W. 1-4 23-51-13, slightly rolling, good black loam.

E. 1-2 Sec. 15, Tp. 56, R. 26, slightly rolling, black loam, clay subsoil, 20 acres meadow; choice half section covered with peavine and vetch.

W. 1-2 23-56-26 surface nearly level, black loam, choice piece of land, 1-2 mile from P. O.

Township 52

N. 1-2 and S. E. 1-4 28-52-26, nearly all open land, soil black loam, surface gently undulating, choice piece of land; will sell separately or en bloc.

S. W. 1-4 25-52-26, nearly all open land, and easily broken, fairly level, good log house and walls of logs for stable.

S. W. 1-4 34-52-17, some small brush and bunches of poplar, soil deep black loam, a splendid piece of land near Beaver Lake and about 6 miles cash, balance in three yearly pay-ron C. N. R.

N. E. 1-4 8-52-1, west of 5th Meridian.

S. E. 1-4 17-52-1, West of 5th Meridian.

N. W. 1-4 17-52-1, West of 5th Meridian.

Some improvements on part of this land; some brush, and some bunches of poplar on parts of it, the whole or part of it may be sold.

Fractional S. 1-2 23-53-23, one mile on river front; slightly rolling, black loam, log house, 1-2 stories; all fenced with wire; a choice piece of land in a good locality.

S. 1-2 34-52-15, fine land, Canadian Northern within one mile.

Township 54

N. W. 1-4 30-54-26, 55 acres under cultivation; all fenced, 50 to 60 tons hay can be cut on land; log grainery; a good piece of land.

N. E. 1-4 28-54-25 and S. E. 1-4 33-54-25, 60 acres under cultivation; nearly all fenced, some buildings, would make a good stock farm.

N. E. 1-4 of 15-54-14, a splendid quarter, every foot can be farmed; good locality.

Township 55

2. 1-2 26-55-25, 100 acres under cultivation; all fenced, mostly with wire, good frame house, log barn 70 x 30 feet, good well, soil, deep black loam, a splendid property.

N. W. 1-4 2-55-26, all fenced and cross fenced, soil black loam, nice creek runs across the land, 90 acres under cultivation; good frame house, stables and graineries of logs, good well, a splendid farm, 3-4 miles from school and post office.

N. 1-2 31-55-18; E. 1-2-55-18; W. 1-2 35-55-19, close to C. N. R.; soil black loam with some brush and small poplar on them, will sell separately or en bloc.

Township 56

N. E. 1-4 8-56-25, 85 acres under cultivation, 75 acres in crop; all fenced, frame house, 18x20 and addition 14x14, log barn 24x24; surface level, soil black.

N. W. 1-4 33-56-26 and S. W. 1-4 4-56-26, 125 acres under cultivation, good frame house, other buildings, logs, good well, all fenced, a splendid farm.

River lot 27 in the Edmonton district, 158 acres; 75 acres cropped; frame house, 6 rooms, stabling and grainery, 2 good wells, Coal along the river, all coal rights go with the farm.

BASIS OF COMPROMISE

WILL BE SUBMITTED TO-DAY

Japanese Plenipotentiary Empowered to Offer New Basis of Compromise

Portsmouth, N. H., Aug. 29.—This morning, Tuesday, Baron Komura, acting on instructions received yesterday from Tokio as a result of the meeting of the cabinet and the Elder Statesmen under the direct presidency of the Emperor of Japan, will submit to Witte a new basis of compromise which, it is firmly believed, will insure peace.

CRICKET

Edmonton won last Saturday. They made a good start, their total closing for 90, of which the younger Boyes made many good strokes in his innings of 57. Strathcona replied with 12. H. B. Boyes obtaining 7 of their wickets for six runs. Mountfield took the remaining 3 and a good catch at deep leg disposed of Remington. In the follow on the visitors fared much better, and at one time had made 60 with only one wicket down. Remington played prettily for 47. Sandeman hit out for a time (22) and Tucker scored 3 boundary hits (12). Boyes Sr., did not bowl in the second innings but the fielding became rather ragged towards the end. Field kept wicket for Strathcona in brilliant style. The umpiring on the part of A. W. Taylor, assisted by A. E. Hopkins, E. F. Slocock and C. A. Lowe gave general satisfaction. The scorers were R. W. Day and F. R. Hartley. A number of spectators were present. A match is to be played by Edmonton and Strathcona today against a strong N. W. M. P. team from Regina.

A match is to be played during the week by Edmonton and a R.N.W.M.P. team from Regina. Should the sports committee offer a suitable prize a series of three matches might be arranged. The club would be pleased to have further additions to the non-playing list.

Following was the score on Saturday:

A miner named Cecil West, formerly working in the Lardo, but who had been in Nelson for some days and attempted to commit suicide in his bedroom at the Harbottle hotel by cutting his throat with a razor. West inflicted a very dangerous wound but Dr. Laban, who was at once called in, succeeded in saving the man's life for the time being and he was taken to the hospital where he lies in a critical condition. West had been drinking some days ago, and for the last few days had been acting queerly.

Revillon Brothers Limited.

The selection of tobacco takes time and great care—the conditions of its growth, the soil, the planting, and the cultivation, must all be considered.

I have studied tobacco from the seed to the cigar. I have a thorough knowledge of the qualities grown on the different plantations in the Manicagua district of Cuba, where the best tobaccos are produced. It is from the best of these plantations that I buy the filler of my

Pharaoh Cigar.

I was the first manufacturer in Canada to use Manicagua tobacco. It proved such a winner that the tobacco agents in New York sell thousands of bales of tobacco under that name that was never within one hundred miles of the district.

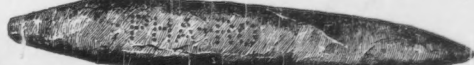

I visit these plantations every season, and personally select the tobacco I buy. The growers there call me a tobacco crank because I am so careful and particular in the selection of my tobacco. I would rather be thought a crank than jeopardize the quality of my Pharaoh cigar.

I know that every time you smoke a Pharaoh cigar you will thank me for being a tobacco crank—that is full recompense for my trouble and care.

None genuine unless headed "Ph-a-r-o"

Price 10 cents.

AGRICULTURAL EDITORS

REACH EDMONTON THURSDAY

The United States Party of Agricultural Scribes will see the Inauguration Ceremony

The Western Canada Immigration Association have issued an excellent program of the itinerary of the editors and proprietors of United States agricultural papers who are now touring the West under the auspices of the Association. The trip began on August 21 and will continue until September 8, during which period the party will take in all the principal points in the Northwest. Of the trip to Edmonton and the stay here the pamphlet says:

Thursday, Aug. 31—Starting from Calgary at 7.45, there will ensue a leisurely journey through Central Alberta, arriving at Edmonton at 10.30. En route a number of thriving towns will be passed, among them being Red Deer, Lacombe and Wetaskiwin. At Strathcona, opposite Edmonton, on the south side of the Saskatchewan river, which is the railway terminus, Edmonton citizens will meet the party with carriages and take them for a drive into the beautiful farming country tributary to the capital of Alberta. Very likely there will be an informal dinner or smoke social in the evening.

Friday, Sept. 1.—The day will be devoted to this bustling young city, the "farthest north" of the tour, which is the provisional, and hopes to be the permanent capital of the new province of Alberta. Autonomy will be celebrated here this day, and members of the party will have the satisfaction of witnessing the ceremonies that attend the creation of a new province. Edmonton has about 8,000 people and is growing very rapidly. It is the home of Hon. Frank Oliver, Minister of the Interior. The main line of the Canadian Northern will soon reach Edmonton, and the Grand Trunk Pacific, the new transcontinental railway that is about to be built, will also pass through the city. Thus, its citizens have good right to regard its future as assured. Our train will leave Strathcona for the south about 21.30.

EDITOR'S CONVENTION

Sept. 28.—Second Vice-President, Mayor Foster, of Medicine Hat, presided at Saturday's session of the Alberta Press Association in the absence of President Young, who had to go down to Calgary on the morning train. It was unanimously decided to re-elect all the officers for the ensuing year. Mr. Cowell, of Red Deer, was elected to succeed Mr. Shumaker on the executive committee.

Next year's convention will be held at Medicine Hat.

The address of President Young was endorsed to be printed and distributed among the members of the association. It aroused a considerable amount of interest.

Yesterday afternoon was pleasantly spent at Lake Minnewanka, being the guests of the Toronto Type Foundry on the drive. At the lake they were introduced to Stanley & Watson for a ride on the steamer Lady of the Lake.

On Friday night they were guests of Dr. R. G. Beatt at Hugheson at the Strathcona. On Saturday morning the party left for the west in their private car and spent two days at Glacier, returning to Calgary this morning.

STREVEL GETS FIRST CONTRACT

G. H. Strevel, the well-known Winnipeg railway contractor, will build the first fifty miles of the G.T.P. west of Portage la Prairie, having secured the subcontract from McMillan & Co.

Mr. Moore, of the Grand Trunk Pacific, and the Hon. Chas. Hyman, Minister of Public Works, left last week for Fort William, where they will inspect the site of the Grand Trunk Pacific terminals and also look into the question of what improvements are necessary to make the terminals available. From Fort William Mr. Moore will go to Winnipeg where he hopes to meet the members of the transcontinental railway commission, who today started for this city.

After discussing of the matters regarding his station in Winnipeg Mr. Moore will go into Portage la Prairie and see the first contract on the transcontinental railway company. A corps of G.T.P. engineers will be there to facilitate operations. From Portage la Prairie Mr. Moore will turn his steps eastward. He promised that from this time forward construction would be pushed with all possible speed.

The Cream Separator that is the Cheapest in the End.

There are some folks who are everlastingly trying to get "something for nothing." They buy a wagon at a "bargain" price because the agent says it's "just as good." And then, after a few months, when the tires and spokes have all loosened up, they cross the wagon.

Price not the only Difference.

It's the same way with cream separators. You can buy many other separators for less money than the U. S. Cream Separator sells for, but before you've finished paying for the experiment you'll find price isn't the only difference. The cheaper separators soon get out of adjustment because built of cheaper material by inferior manufacturing methods; they consume twice the necessary amount of oil; they have a bowl that will not run true, and does not skim clean. The repairs in the first few years would pay the difference for the U. S. Cream Separator.

Durability is Important.

The U. S. Cream Separator has stood the test of time. Many of them have been in use for 10 years, and cost less than a dollar for repairs. They run easy, skim cleaner than others, have a simple bowl, enclosed gears, and a convenient low supply can.

The Vermont

Farm Machine

PRINCIPAL RIDDELL INTERVIEWED

Toronto News: "I think Premier Haultain made a mistake in not keeping out of Dominion politics. He will probably get beaten. In fact it seems likely that both the new provinces will go Liberal."

This is the opinion of Prof. A. H. Riddell, Principal of the Alberta Methodist College, who is now in the city. Prof. Riddell has been in the Maritime provinces speaking at the summer school of missions with Dr. Carman, Dr. Henderson, and Dr. F. C. Stephenson. On Thursday he will attend a missionary committee meeting here. This morning he was out at the Garney Co. foundry buying wires and other heating apparatus for the Methodist college. He is a confirmed Edmontonian.

"We are adding a \$15,000 extension to the college this year," he said, with thrifty enthusiasm. "Yes, we got in there at the psychological moment. We are growing up with the country."

He added that Alberta would produce 2,000,000 bushels of wheat for export this year.

"The farmers were beginning to cut when I left two weeks ago," he said. "That was winter wheat, which of course, ripens earlier than spring wheat. Alberta is going strong for winter wheat, and has made a success of it. One man, Schroeder, near Edmonton, had 50 bushels to the acre last year. It's really a much safer crop for Northern Alberta than spring wheat, on account of local danger from early frosts."

"Money has been rather tight out there, of late, has it not?"

"Last year, yes. The banks are extending their business this year. Besides we have lacked railway facilities. This fall we shall get the Canadian Northern. Orders are already booked for freight to be delivered over that road in Edmonton. The town is growing immensely. We are getting cement sidewalks."

"Do Galficans still come to Edmonton for a market?"

"As many as usual. They are making good citizens. They are making money also."

"That with the growth of market and shipping places like Fort Saskatchewan will not a large amount of the local market business be lost from Edmonton?"

"We expect that. But we also anticipate that what we lose as a local market will be many times exceeded by what we gain in becoming a wholesale distributing point for that part of the Northwest."

Mr. Riddell indulged in some off-hand mathematics regarding the Northwest—Alberta large enough to hold the German Empire, Switzerland, Holland and Belgium; Saskatchewan able to contain France and Italy, and still leave 25 acres each for every man, woman and child in Toronto; the Saskatchewan navigable for 800 miles, with wheat stubble its entire length; a territory large and fertile enough to sustain 60,000,000 people; soft coal at 75 cents a ton at the mine's mouth.

But not a word about buffalos or Indians, said this thrifty professor; not a syllable about bad men and confiscated whisky; absolutely nothing that had any romance in it barring the romance of big figures.

"How is Alberta feeling on the Separate School clause of the Autonomy Bill?" Prof. Riddell was asked.

"At present not much sentiment affords. There will be more presently. Wait till after the inauguration. Wait till Edmonton actually becomes a capital. Wait till we begin to have elections in the new provinces."

"You are getting party politics in the new provinces, are you not?"

"I am sorry to see it," was the emphatic reply.

"You agree with Premier Haultain on that score?"

"Yes, though I don't agree with all Haultain's actions in that connection. I believe he was sincere in wanting to keep party politics out of the Legislature. He has given the Territories sound, clean and business government. But he should have been discreet enough to have kept out of Dominion politics himself. He had no business stamping the country against Oliver."

"How is Walter Scott regarded as an opponent to Haultain?"

"As a particularly strong man. He will probably win. I should expect both provinces to go Liberal."

"Do you expect the Separate School clauses in the bill to be sustained by the courts?"

"Unquestionably. But the new provinces will not be disposed to recognize that as an ultimatum. They

will probably fight it."

"How is Oliver regarded as a Minister?"

"He is exceptionally popular. His appointment has largely strengthened Liberalism in Alberta. I think it was generally admitted that Oliver was a much stronger candidate than Scott for the portfolio of the Interior; in fact, the strongest man available who had an intimate knowledge of the West. It is really too soon yet to say much about his work in the Department."

Granby, Que.

111

LOCAL

A case of non-payment of wages comes up in the police court this evening.

A car load of polo ponies comes up from Calgary and Cochrane today to play on September 1st.

Mr. J. H. Alexander, organizer of the C. O. F., will be in the city next week to attempt the re-organization of the court here.

A new fire team has been purchased by the city. They are a gray and a bay and it is the intention to split the present team and have a team of grays and a team of bays.

P. Wagner returned a few days since from a trip north to the Little Vermilion. Crops in the district were uniformly good. Several bears had been seen of late in the settlements along the Landing trail.

The frame of another arch is being erected at the Hudson's Bay corner. The decoration work on the arches is being done very slowly and it looks as though it might be the one unfortunate part of the arrangements.

Two drunks were up in the police court this morning. One paid \$5 and went his way. The other, an Irishman, expressed his opinions of the policeman and the magistrate so freely that he was taken back to the cells to cool off. He will come up at 7 p.m.

A Driscoll, B.L.S., is preparing an up-to-date map of the city. All the newly named streets and other changes will appear in it. Mr. Driscoll has taken careful measurements so that this will be a perfectly accurate map. The first draft will be completed in a couple of weeks. It will be of great value to the city.

A raid on a west end house of questionable character last night resulted in the payment of \$294.50 in fines this morning. The keeper paid \$89.50 and also \$56.50 for selling liquor without a license. Three jugs of whisky and several bottles of brandy and gin were confiscated. Two inmates were asked to pay \$55.50 each and it cost three frequenters \$15.50 each.

Mr. J. S. Gross, of Morinville, is in the city and brings the brightest kind of reports as to the crop prospects in his neighborhood. The section are also very much interested in the prospects of a railway in the very near future, as grading is now being done on the line to Morinville. This station will be erected to the east of the town. With the excellent crop and accommodation of a railway, life has many charms in Morinville.

Charles Hansen met with a very unfortunate accident at Red Deer on Saturday morning. Mr. Hansen had occasion to go to the railroad, and, while crossing the tracks between the depot and Main street, was knocked down and run over by a switch engine, which was switching in the yard. Before the engine could be stopped the wheels ran over his right leg, cutting the foot off at the ankle. He was at once taken to the hospital where his severe injuries were attended to.

Free Press: About twenty-five miles northwest of Edmonton is an area of land showing indications of oil. In fact it is oozing out of the ground. The Edmonton Oil Company, Limited, with Mayor McKenzie as its president and citizens of the city as directors and officers, are at present drilling and are down 500 to 600 feet and expect to reach the wealth-producing product at from 1,000 to 1,200 feet. The company started operating in July and the rapid progress made in development work is encouraging. They are installing new equipment which is a valuable factor to speedy results. The Canadian Northern Railway is at present grading through this property and the transportation problem is already solved as pipe lines will not be necessary, which will be a great saving to the shareholders and company.

Okotoks Review: In all parts of the electoral district of High River the leaders of political sentiment of both parties are impatiently sniffing the air and paving the ground preparatory to a gathering of their forces in the town of Okotoks. The Liberals are billed to meet in solemn convocation on Tuesday, August 29 at a convention of Liberal delegates of this riding for the purpose of selecting a candidate to contest the constituency at the coming elections. It is somewhat uncertain, but indications point to the selection of R. A. Wallace, as the Reform standard bearer for this riding. He has served

two terms in the Territorial parliament at Regina and he appears to have a claim on the constituency from a Reform standpoint—so it appears to us. At the present juncture Wallace is IT and unless something unforeseen occurs between now and the date of convention he will be the chosen candidate of the Reform party.

PERSONAL

Mr. Percy Hook has returned from his holidays.

J. A. Storer returned last evening from Winnipeg.

Mr. E. W. Geddes, representing the Hepworth Furniture Co., of Hepworth, Ont., is in the city.

W. J. Hunter of the Fort Saskatchewan Reporter, accompanied by Mrs. Hunter returned yesterday from the gathering of Alberta newspaper men at Banff.

OFFICIAL PROGRAM

Concert Thursday evening at 8.45. Doors to be closed immediately on arrival of the Governor-General, when the concert begins.

Friday morning—Governor-General to be driven around the city. Parade 9.30 to 10.30. Parade to be reviewed by Governor-General at club corner. Review of Mounted Police by Governor-General, 11 to 11.45.

Address to Governor-General and his reply.

Sweeping in of Lieutenant-Governor at high noon and firing of royal salute of 21 guns.

Address to Lieutenant-Governor and his reply.

Speeches by distinguished visitors. Base ball and horse races. Musical ride by R. N. W. M. P. Lacrosse.

Polo game. The horse races will be continued while the other games are on. The city's guests will be driven around in the afternoon if they prefer it.

INAUGURAL COMMITTEE MEET

The general inaugural committee met last evening. It was decided to invite the Governor-General to take a drive around the city on Friday morning and then to review the procession from some good position, probably the club balcony.

On motion of Mercer and Kennedy it was decided to allow no horses on the exhibition grounds until after the royal salute of 21 guns which is to be fired at 12 o'clock, as there would be danger of the guns causing some runaways and probably accidents.

On motion it was decided to leave the arrangements of the children's part of the parade in the hands of the children's committee, with the consultation of Commissioner Perry. The erection of seats for the children was left to the same committee in consultation with the grounds committee.

The grounds committee reported that they had arranged to have the track and other dusty parts of the grounds sprinkled on Friday morning.

On motion of Aldermen Clark and Picard the city commissioners were requested to have temporary lights placed on the Ross grade.

It was arranged that any guest wishing to be driven out to the country or around the city could make application to any member of the reception committee and a rig would be arranged for after 2 p.m.

A communication was read from the labor unions announcing that their part of the parade would be under the direction of Mr. Chris. Kramer. The matter was referred to the parade committee.

It was decided to close the grand stand at 10.55 a.m. on Friday so that every person would be in place on the stand before the arrival of the Governor-General and party.

MANITOBA MARKETS

From the Commercial: Wheat—There is practically nothing doing in Manitoba wheat, although there are still nearly 2,000,000 bushels of old wheat at lake port elevators to work off. Favorable weather and prospects of early movement of new wheat and much lower prices cause country millers and exporters to hold off and there is no demand. A few transactions take place on the option market daily in new crop futures, but even that trade is extremely dull. Prices are therefore nominal at: 1 northern s1; 2 northern, 5c; 3 northern 80 1/2c; 8 spot or August delivery and futures closed today at 76c, September, 78 1/2c; October, 76 5/8c; November and 75 1/2c December. All prices are in store at Fort William and Port Arthur.

Oats—No. 2 white, 39c @ 40c; No. 3, 35c; feed grades, 35c per bushel in car lots on track, Winnipeg.

Barley—No. 3, 35c per bushel; No. 4, 31c per bushel, car lots on track here.
